

WA/OR/AK Carpool Caravan: West Virginia

We lost the rest of the group from Colorado in Kentucky. I think they wanted to take a different route to DC. We are about 2 hours behind the early morning group from Louisville, KY that left w/ Texas.

We feel great and well rested. Motel in Louisville sucked, it was rated 3.75/5 and it was a "trap motel" (or a crackwhore motel). Found a baby roach in the tub. One of my guys had his door handle break off and a messed up key. No wifi, no breakfast, just a bunch of lies. Another one of our guys saw drug deals in the parking lot. The floor of the bathroom had a used soap bar from who ever had my room last. The other guys had cigarette ashes & burns all over the blankets in a non-smoker room.

Sorry, just had to complain about it, we weren't demoralized at all. THIS IS STILL VERY HIGH ENERGY and we are pumped.

We've met a lot of patriots en route. We found a guy from Colorado at a rest stop that is traveling with us that didn't know about the Colorado caravan out of Limon, CO.

As i'm typing this, after about 2 hours, a group of guys from Colorado that went a different route caught back up as a surprise and are following behind us now. We're moving as a CO - WA - CO sandwich through West Virginia.

We're hearing on coms that the group from Louisville that left earlier was being followed by antifa, and their vehicles are being photographed w/ them in it for Antifa to start doxxing them. I'm personally glad we blew off the publicly available Louisville rally point, apparently there was a potential antifa member at the rally point to spy on our plans.

2 It's 2021 I can't believe you can still get this type of service at a motel.. Awful. But it's better than a sleeping blanket in the car and hopefully it had heating :)

2 it did have heating, wasn't THAT bad. I was mostly pissed off from the lying about the quality, and the janky stuff.
